7?

✓ OSTRICH

This week, OSTRICH was released from confinement at the PCIC and was placed in custody of SCI. Preliminary preparations and contacts are being made for putting into effect the special operation in which he will participate.

In the meantime, Richard MARTIN was discovered to be in the hands of the Securite Nationale. MARTIN was an SD agent and leader of the "JEANNE" organization, a wide-spread collaborationist group, armed by the SD with weapons and ammunition for the purpose of carrying out missions of sabotage. Before departure from Germany on his SD mission into France, OSTRICH was given instructions to contact MARTIN in Paris should he require aid upon arrival there.

SCI has received reports indicating that one PONCIN, alleged member of the MARTIN group, who helped to distribute arms and explosives, is now serving in the Division Leclerc.
